Henneke body condition rating and score can be entered here.
Additional remarks can be entered on the remarks screen.

Compliance Record Instructions

The Wild Horse Compliance Record setup and download procedures are the same as those described below for the greenline program, except that the excel file will be created in a CompRec Directory. And the setup Icon will be entitled CompRecConduitSetup.zip.

You can turn the conduit on and off by right clicking on the hotsync icon and selecting custom. Then highlight the Greenline Conduit and click change. If the conduit is set to do nothing, the excel file will not be created, however the data will be backed up in the backup directory.

Following is an example of the CompRec.xls Excel file downloaded from the PDA
